The country postmasters generally have too much cents. Somebody in Mr. Cresswell's department has taken the control and finds that the rural offices hold in the aggregate no less than forty million nickels and copper coins, and are naturally anxious to get rid of them. The difficulty, though it appears purely a continental one on the surface, is practically rather embarrassing, insomuch as by a very absurd law the Government refuses to receive those coins of its own issue, except in infinitesimal quantities.

ESTABLISHED 1869.
ENOCH MORGAN'S SONS'**SAPO 10**

The superiority of this excellent preparation over any other article ever offered to the public has been demonstrated by the wonderful popularity it has attained within the brief year since it was first manufactured. Not less than

One Million Housekeepers
use Sapo 10 in this and other compounds, the demand is daily increasing.
Sapo 10, rotten stone, acid and lye no longer a necessity in the household, since Sapo does the work of each and all these, and with less labor and expense.

The following are a few of the special uses of Sapo 10:

CLEAN DRAWS—Wash out wetting carpets or soiling rags. Take a well saturated cloth, drip it over the carpet, and rub until it is covered with a creamy lather, and then wash with dry water. A clean cloth and soaps will remove varnish or dried paint will require little scrubbing.

CLEAN KNIVES—Use your dash cloth, rub on the soap, and then rapidly over the knife, and the blade will be polished, without scratching.

POLISH TIN, BRASS, and other Curious Articles—Rub the damp cloth on the case of a watch, lamp, etc., until it is covered with a thin lather, and then wash over the surface of the utensil. It will produce a lustre equal if not superior to the new.

CLEAN PAINT AND WOOD-WORK—Use Sapo 10, and rub too hard, and you will clean in other words, burnish.

FOR HOUSE CLEANING—Sapo 10 is the greatest value in the saving of time, labor and the wear of clothes when cleaned.

FOR WASHING DISHES, Bath Tubs, Floors, Tables, etc.—When soap is formerly used, it is always unsatisfactory, and once used, will never be discarded.

REMOVE STAIN FROM MARBLE, IN THE HOUSE—for all purposes, including clothes), this article is convenient, economical and reliable.

IN THE KITCHEN—Measuring scales, measures, the brass scoop, fork, knives, shears, etc.

IN THE SHOP—For cleaning, polishing and repairing glasses, etc., from machinery and tools.

SIT HOFFICE—If the surgeon, dentist, eye engineer, painter, engraver,

ALL PLATES—After a cleansing and polishing agent, at once, will make them as brilliant, as required, our soap will do.

FOR HAND WASHING—Sapo 10 is a whitening powder, painter, photographer or machinist needs. It quickly removes stains, paint, oil, and grease, and will not scratch, soap will not touch. It softens the hands and leaves them smooth and white.

FOR SOLIDIFYING—A few cents.
